FOR IMMEDIATE RELEASE

AH&T Insurance Earns “Champion” Designation in the 2009 *National Underwriter* Technology Achievement Award

Leesburg, VA – May 20, 2009 – AH&T Insurance has received top honors in the 2009 *National Underwriter* Agency Technology Achievement Award that was presented at the ACORD LOMA Forum May 17-19. AH&T’s commitment to the technology industry and comprehensive five-year plan to keep the agency’s technology infrastructure on the cutting edge while developing and providing unique value-added customer service tools helped AH&T earn the prestigious “Champion” status.

The 2009 *National Underwriter* Agency Technology Achievement Award recognizes three independent, multi-line agencies making the most innovative use of technology to serve their clients and improve operational efficiency. AH&T’s technology efforts have earned the “Champion” designation with the two other firms earning an honorable mention. “All three of these agencies serve as role models for their peers, demonstrating how technology can be an integral part of efforts to improve efficiency, cut costs, provide better service to clients and insurers, and most importantly, boost the bottom line,” said Sam Friedman, Editor-In-Chief of *National Underwriter* Property & Casualty edition.

Alex Green, AH&T Insurance President remarked, “AH&T is deeply rooted in the technology industry. We’ve taken great strides to become a specialist in the technology sector and deploy cutting-edge technology to better serve clients in all industries. It is an honor to be recognized by *National Underwriter* as the “Champion” for this award.”
