

from down the street, to around the globe... Protecting What Matters Most

WHO WE ARE

Working to protect businesses and employees from the consistently escalating number of cyber threats, AHT's Cyber Risk professionals are:

CLIENT-DRIVEN INNOVATORS

believing there is no off-the-shelf solution to fit every organization's unique needs

RELATIONSHIP BUILDERS

gaining the attention of senior management at every major insurer and maintaining personal relationships with policy makers at those companies

MORE THAN A BROKER

taking a proactive and consultative approach to managing clients' cyber risk

SERVICE LEADERS

serving as an extension of every client's team to provide unmatched value and expertise

The world is changing – presenting new opportunities and challenges from day to day. In the event of a cyberattack, our priority is to protect what matters most to every organization, every time.

**CYBER CRIMINALS WON'T WAIT TO ATTACK.
DON'T WAIT TO PROTECT YOURSELF.**

WHY
WE DO
WHAT WE DO

53% *of attacks result in* **damages of \$500,000 or more***

*Cisco 2018 Annual Cybersecurity Report

Our professionals negotiate competitive rates with select attorneys, cybersecurity firms and other loss control providers to simplify the regulatory compliance process and create customized insurance solutions for a variety of industries.

WHAT WE DO

HAVE A CYBER PROGRAM?

Our Professionals Will:

- Assess your existing cyber program
- Help you understand how your program will respond in claims scenarios
- Make recommendations that will help ensure you are covered from all angles

NEED TO PUT A CYBER PROGRAM IN PLACE?

Purchasing cyber liability in an immature market can lead to uncertainties and remorse in claims scenarios. Our professionals have trusted relationships and international reach — giving them immediate access to claims professionals at each of the top insurers in the industry.

HOW WE DO IT

- ✓ Provide third-party assessments to help meet obligations
- ✓ Help companies to understand their exposures
- ✓ Offer assistance with employee education & training
- ✓ Tailor cyber programs to your company's needs
