

INTERNATIONAL PROPERTY & CASUALTY

from down the street, to around the globe... Protecting What Matters Most

WHO WE ARE

Delivering risk management solutions in more than 164 countries and in some of the world's most challenging environments, AHT's International professionals are:

RELATIONSHIP BUILDERS

partnering with Worldwide Broker Network (WBN) to enhance cross-collaboration efforts

MORE THAN A BROKER

taking a consultative and educational approach to managing clients' risk management programs

SERVICE LEADERS

taking a proactive approach to identify and help mitigate potential risks

CLIENT-DRIVEN INNOVATORS

believing there is no off-the-shelf solution to fit every organization's unique needs

“OUR PEOPLE ARE OUR GREATEST ASSET.

A simple, yet powerful, phrase we often hear...

We make it our priority to protect everything that matters most to organizations, from people to property and beyond. In today's complex global risk environment, we offer peace of mind that measures and resources are in place to manage risks and respond to critical incidents whenever and wherever they occur.

WHAT WE DO

WHAT WE DO

In these increasingly uncertain times, we understand the landscape and help organizations navigate the ever-changing international risk environment to safeguard travelers and internationally assigned personnel.

COMPREHENSIVE COVERAGE

AHT can customize and implement programs, including all lines of coverage and program design, for an organization regardless of location or category of employee.

GLOBAL INTEGRATION

- Analyze risk exposures
- Ensure total insurance program is globally integrated to eliminate coverage gaps & reduce inefficiencies
- Use resources that best match our clients' service needs
- Determine appropriate package of localized coverages
- Cultivate highly effective service models that leverage some of the best broker networks and insurance company assets in the world.

HOW WE DO IT

AHT's approach is a four-phase process – allowing us to understand the client operations, risk tolerance, risk mitigation strategies and strategic initiatives. This enables us to craft a customized insurance program, provide recommendations based upon our client's operational profile and ensure critical resources are enabled to respond to client needs effectively.
