

# MANAGEMENT LIABILITY

*from down the street, to around the globe...* Protecting What Matters Most

## WHO WE ARE

Offering world-class expertise designing policies that meet the specific concerns of organizations, AHT's Management Liability professionals are:

### CLIENT-DRIVEN INNOVATORS

believing there is no off-the-shelf solution to fit every organization's unique needs

### RELATIONSHIP BUILDERS

maintaining outstanding underwriting relationships with the entire management liability insurance market

### MORE THAN A BROKER

taking a consultative approach to managing clients' risks

### SERVICE LEADERS

serving as an extension of every client's team to provide unmatched value and expertise

The world is changing – presenting new opportunities and challenges from day to day. Management liability risks can have a substantial, personal, financial impact on your board members and senior executives, as well as the company.

Our priority is to protect your assets and protect what matters most to every organization, every time.

## WHY WE DO WHAT WE DO

AHT's highly experienced specialists provide technical superiority and attention to the smallest details of coverage and service in every aspect of policy design, negotiation and placement, claims management and risk control and mitigation.

# WHAT WE DO

## SERVICES

Our specialists design many unique client services to enhance a company's ability to:

Secure favorable terms on coverage

Provide a better risk profile

Give added comfort to Board members

Potentially cut the cost of some management liability coverages

## PRODUCTS

We work with the top insurance carriers to offer a suite of coverages designed to address many liability issues related to running a company and protecting its management team.

Employment Practices Liability

Errors and Omissions Liability

Fiduciary Liability

Directors and Officers Liability

Professional Liability

Cyber Liability

## TOOLS

We provide benchmarking and quoting tools to give companies a complete picture into what settlements may look like and get the protection that's needed.

### Securities Litigation Benchmarking Tools

Using a customized database, we can estimate what the range of a settlement might be, based on a company's past or projected stock volatility.

### Online Quoting System for Micro-cap Companies

AHT offers the only available online tool for quoting and binding a \$1M limit of public D&O insurance for companies with market caps below \$50M.

## DIRECTOR'S & OFFICERS INSURANCE

The scope and structure of Directors and Officers (D&O) Insurance has changed drastically over the past decade — making it a necessity to understand the basic insuring agreements and what each section is meant to insure. Our management liability professionals are highly experienced at structuring programs that provide the highest level of protection needed.
